## MISSION

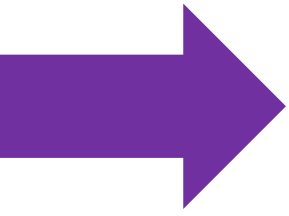

To cultivate an Environment that nourishes the need for the future generation of the country.  
To develop potential within each student to face challenges and keep up with Global Competence.

## VISION

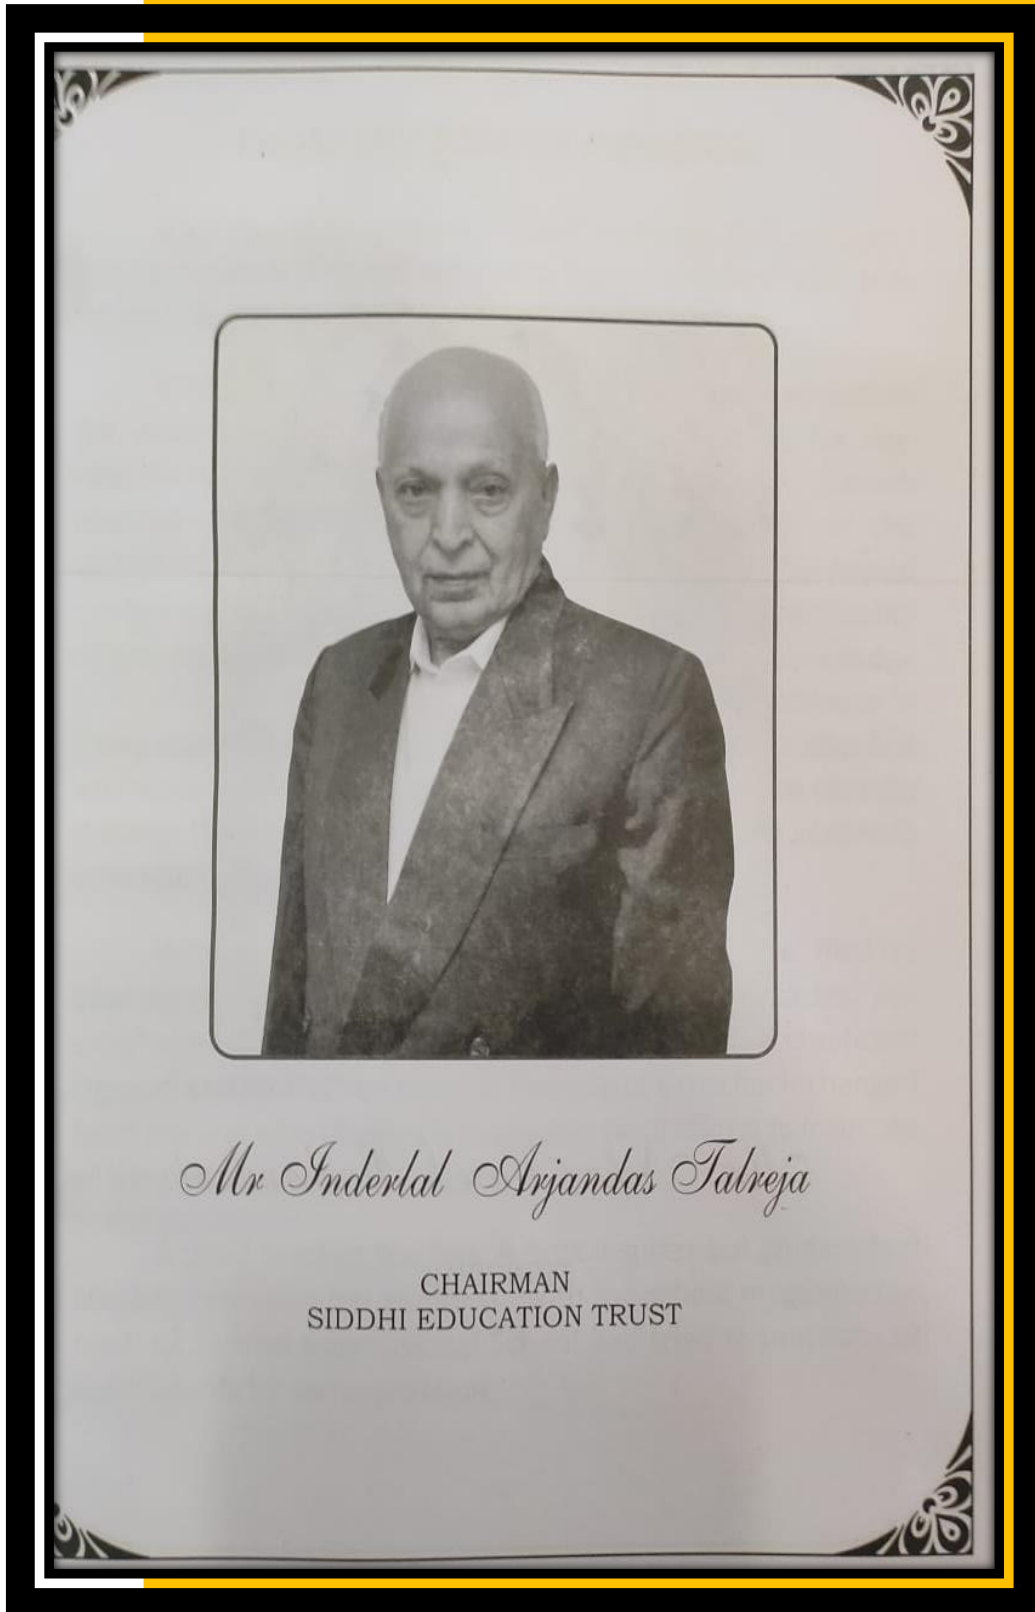

To infill the society with Leaders that can remodel and change the face of the country.  
To enable Education as the backbone of every socio-economic aspect and influence within the Society.

## VALUES

DISCIPLINED ; CREATIVE ; ADAPTIVE ; RESPONSIBLE ; HUMBLER

Our Beloved Father

**Our mission is to nourish a learner friendly environment within our school that lives up with the needs of the future generations of our country. We strive hard to enable each child to grow to his highest potential so that they can face the challenges of life head on. We instill a positive frame of mind during their blooming period and prepare them for Global Competence.**

The Siddhi Education Trust legacy is long and enduring. For over two decades, the Sunrise family has made education a mission and quality the fulcrum of their commitment. Today, we cater to the educational needs of hundreds of learners annually. We have been entrusted with their future, their careers and their lives ahead. We need to nurture them as learners, inculcate values and arm them with the necessary skills that will help them make the nation proud.

The management of Sunrise International School brings together a Sustainable learning community. We strive to build independent, responsible, global citizens through a widely accepted curriculum and practices that are founded on learner-centric education. Therefore, Our school will impart world class education through the best use of modern resources, developing young minds to think, question and create.

Our school aims to blend strong cultural fundamentals of Indian society with advanced learning tools acquired from the world over giving education an exciting and dynamic direction.

As we open our doors to each new student, expectations run high as we believe that each and every one of them will grow beyond the horizon. Every day, every year we scale new heights, never standing still.

Sincerely,  
~Inderlal.A.Talreja

SIS is committed towards the holistic development of every student.

"WE understand the importance of EDUCATION"

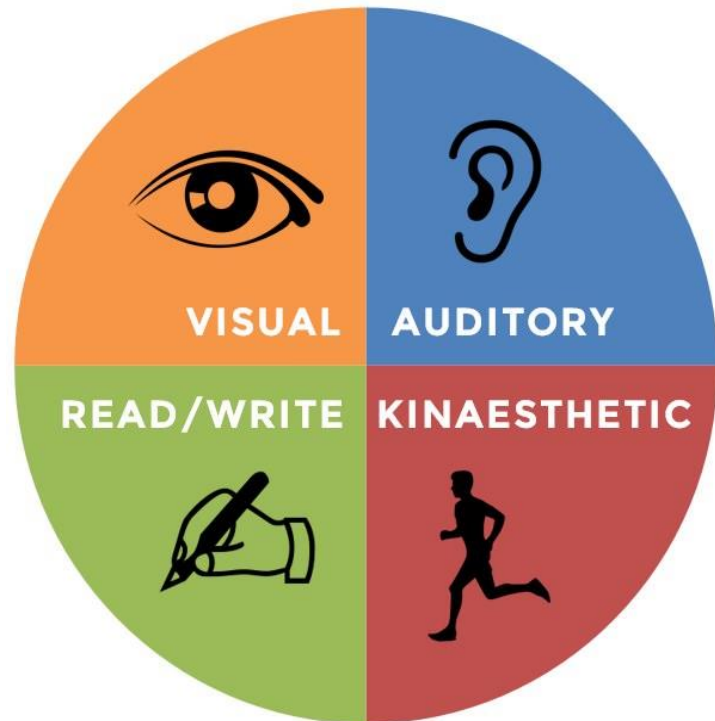

## V.A.R.K

Our vision has led us to adopt a V.A.R.K based teaching methodology that focuses on 4 distinctively inter-related learning mechanisms. Our teaching model enables us to stimulate the brainchild at a deep rooted level.

VISUAL -- AUDITORY -- READING -- KINESTHETIC.

Visual learners will be able to remember things they see better than the things they hear. Similarly, kinesthetics enables students to gain knowledge by experiencing it.

## *The ladder to success*

We lay down a deep and strong foundation YEAR on YEAR for each student that enables them to soar at greater heights.

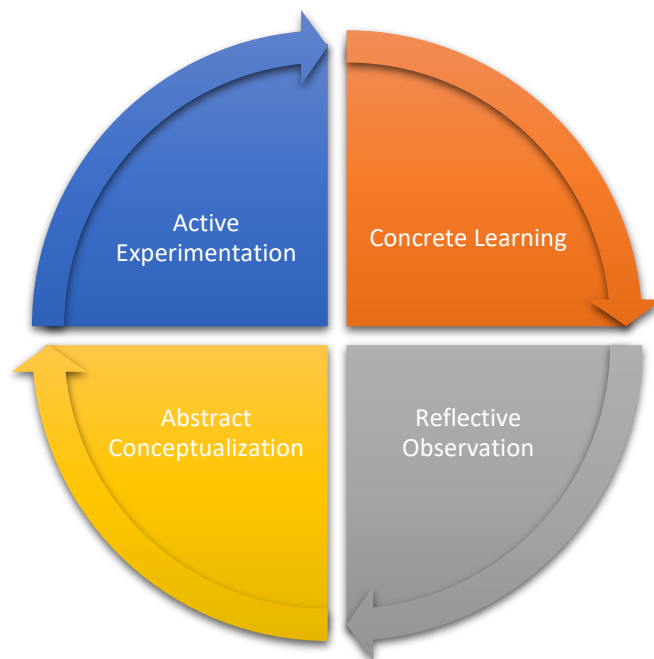

At Sunrise International School your child develops the potential and the will to achieve limitless GROWTH.

We push our students to think collectively for the betterment of the self and those around, which makes the SUNRISE family a self sustaining yet ever growing community of problem solvers.

## LEARNING CYCLE

# OUR PROFICIENCY

We strive to create better individuals that contribute towards the growth of this country. Our students excel as following

## CREATIVE THINKERS

With every New concept comes a new realization that calls for an improved understanding and adaptation. We drive students to think in terms of real life adaptations of the concept and how can there be improved versions of the same concept.

Students are collectively pushed to try and link the concepts to various day to day activities. This innovative way of learning helps students use their IMAGINATION and ANALYTICAL ABILITY that opens up new possibilities and presents various alternative solutions to an otherwise mundane approach of learning.

## EXCELLENT COMMUNICATORS.

Listening is a fine art and so we always insist our students to listen thoroughly and carefully. Our students are encouraged to analyse and understand before they speak.

Our students are proactive and are trained to speak firmly and confidently, ask questions without hesitation and irrespective of the audience.

## GLOBAL LEADERS

Discipline is the forte of every SUNRISE student.

Every student is armed with a strong sense of self discipline, ethics and morals that enable them to sail through cross winds easily and effectively. We set short term as well as long term goals for each student to mark their development and the parent-Teacher relationship plays a pivotal role in the success of the child.

Over the course of their schooling years, we lay a concrete foundation that awakens the students towards their ultimate nature.

# SUNRISE STUDENTS

Our students enter the next phase of their life better than the rest as;

## MODERN CITIZENS

Today every society demands individuals that are tech-oriented and can keep up with the rapid change.

With high-tech learning and understanding how technology is shaping the future, we open up a wide spectrum for our students so they can live up to the necessary awareness required in their chosen field and even work on inventing better forms of technology.

## HUMBLE BEINGS

Knowledge is the source of all Power in the world and yet the world thrives heavily on subtler Human emotions. Kindness and humility are the living forces within our school premises. Our students are bestowed with qualities like gratitude and respect.

We believe that only a humble and simple mind can be in a constant mode of learning and absorbing. We conduct interactive, playful and friendly sessions where students engage with fellow learners and grow collectively.

Faith and Wisdom go hand in hand, and only through humility our students are able to broaden their intellect and explore beyond their capabilities.

OUR STUDENTS ARE

# “GUINNESS WORLD RECORD HOLDERS”

‘Roller skating’

*'Honouring our young talent'*

## SPORTS

Students at Sunrise International School are professionally trained in sport and extra-curricular activities. This forms the physical and mental backbone of their development and leads them towards a healthy and active state of body and mind.

# SUNRISE TEACHERS & STAFF.

SUNRISE INTERNATIONAL SCHOOL maintains a standard Teacher recruitment program where every teacher is tested for their attitude, approach towards teaching, their ability to handle children, their thought thought process and their understanding of child psychology.

On their recruitment, every teacher undergoes a rigorous training program where they are equipped with the necessary skills required at Sunrise International School. Our teacher training program makes sure that our faculty is up to date with the latest technologies, methods, trends and breakthroughs in the field of Education. Such programs also include soft skills, etiquette and work life balance.

We thrive on a human friendly environment that sustains a learning and growing community of teachers and students
